

## Research Paper Presentations

Sl.No	Title	Authors
<b>Annual Conference of the Indian Speech &amp; Hearing Association, Kolkata 21/01/2010 - 23/01/2010</b>		
1	Lexical Inhibitory Mechanism in Stutterers: A preliminary study .	Thejaswi. D Manjunath N
2	Voice Low tone to High Tone Ratio (VLHR) as an index to measure nasality in cleft palate individuals.	Thejaswi. D Manjunath N Sneha M V
3	Singing power ratio as an index to measure singing talent in trained and untrained classical singers.	Beena M Manjunath N Sneha M V Anu
<b>International Conference- Frontiers of Research for Speech and Music (FRSM) Uthkal University, Bhuvaneshwar, Platform Presentations 07/03/2011-12/03-2011</b>		
4	Orthographical Facilitation of Naming Responses in Picture-Word Interference Experiments	Beena M Diliya S Manjunath. N Sneha M. V T Dattatreya
5	Voice Low Tone To High Tone Ratio (VLHR) – As An Index to Measure Nasality: A Pre and Post Operative Study.	Teja Dessai. D Thejaswi. D Manjunath. N Sneha.M. V T.Dattatreya.
6	Reaction Time For Positive And Negative Priming In Children And Adults: A Cross Priming Study	Thejaswi D Nisha. A. J Manjunath. N.
7	Effect of Speaking Rates on Voice Low Tone To High Tone Ratio To Measure Nasality	Teja Deepak. D Beena M Manjunath. N Sneha. M. V T Dattatreya.
8	Acoustic Correlates of Stress in Tulu Language.	Teja Deepak D Manjunath. N Sneha. M. V T Dattatreya.
9	Effect of Controlled Speaking Rates on Vowel Duration and Voice Onset Time.	Kaveri H Thejaswi. D

		Sneha M V, Manjunath. N
10	Acoustic Analysis of Speech Sounds in individuals with Respect to Posterior Palatal Seal Area Implants.	Thejaswi. D Anu. C.C Manjunath. N Sneha. M. V. T Dattatreya.
<b>44<sup>th</sup> Annual Conference of the Indian Speech and Hearing Association held at Hyderabad 20/01/2012 to 22/01/2012</b>		
11	Title: Harmonic Amplitude Measures in Septoplasty : A Pre-post Operative Study.	Thejaswi D, Rilna K. Vasu Manjunath Narra Sneha M Varghese T Dattatreya
12	Can Spectral Amplitude Measures be used to Note Gender Difference?	Thejaswi D Anu C. C Manjunath Narra Sneha M Varghese T Dattatreya
13	Long Term Average Spectrum (LTAS) Measures and Singing Power Ratio (SPR) in Trained and Untrained Singers	Anu C. C Anina E Daniel Manjunath Narra Sneha M Varghese T Dattatreya
14	Cognitive Inhibition in Typically Developing Children: Evidence from Vigilance Task	Beena Mathew Caroline G Bridgit Manjunath Narra Sneha M Varghese T Dattatreya
15	Lexical Decision in Bilingual Kannada English Children Evidence from Vigilance Rhyme and Word Judgment Tasks.	Thejaswi D Shana F. C. A Manjunath Narra, Sneha M Varghese T Dattatreya
16	Auditory Vigilance in Children	Beena Mathew Amritha G. Manjunath Narra Sneha M Varghese T Dattatreya
<b>4<sup>th</sup>KSB. ISHACON at Kerala</b>		
17	Auditory Vigilance in Children and adults : a comparative study	Beena Mathew, Manjunath Narra Sneha M Varghese T Dattatreya

18	Auditory Rhyme Judgement in Typically developing Children	Thejaswi D Shana F C. A Manjunath Narra Sneha M Varghese T Dattatreya
<b>Frontiers of Research on Speech and Music, Gurgaon, Haryana. 18/01/2012 to 20/01/2012</b>		
19	Cross Language Facilitation in Malayalam - English Bilinguals : Evidence from Semantic Priming.	Beena Mathew Thejaswi D Manjunath Narra Sneha M Varghese T Dattatreya
20	Auditory and Visual Vigilance in Typically Developing Children.	Beena Mathew Manjunath Narra Sneha M Varghese T Dattatreya
21	Lexical decision in Bilinguals Across Modality: Evidence from Rhyme and Word Judgement Tasks	Thejaswi D Manjunath Narra Sneha M V T Dattatreya
22	Spectral Amplitude Measures: A Pre and Post-operative Septoplasty Study.	Thejaswi D Manjunath Narra Sneha M Varghese T Dattatreya
<b>33<sup>rd</sup> Annual Conference of IABMS Deralakatte, Mangalore 02/11/2012 &amp; 03/11/2012</b>		
23	Test Retest Reliability of ASSR in normal Hearing Individuals.	Christina Jean Vivarthini K
24	Effects of Working Memory Training on Speech Perception	Krupa P
25	Development of Articulation in Tulu Language	Parinitha P. Shetty
26	Development of Phonological Processes in Typically developing 3-4 year Kannada-English bilingual Children	Prathamesh D B
27	Disfluencies in 3-4 year old Typically developing Bilingual Children	Prathamesh D
<b>45<sup>th</sup> Annual Conference of the Indian Speech and Hearing Association held at Chennai 01/02/2013 to 03/02/2013</b>		
28	Auditory working Memory Capacity in Congenitally blind Children Comparative study with Normals.	Divya V Nikita N Ashwini S A Cutinha Krupa P. T Dattatreya.
29	Frequency of Stages of Play Development in Typically Developing Indian	Naema LS Archana R S

	Children- A Comparison with western Normative Data.	Parineetha Shetty T. Dattatreya
<b>47<sup>th</sup> Annual Conference of ISHA, at Manipal 01/01/2015</b>		
30	Incidence And Prevalence Of Hearing Impairment: Evidence From Neonatal Hearing Screening Program	Chinju Micheal Dessai Teja Deepak T Dattatreya
31	Nature Of Conversational Hand Gestures In Native Speakers of Kannada.	Nandita J Pradeep Anupama T Anupama P.S Prathamesh D B Dattatreya T
32	Phonological Process Development In Typically Developing Kannada-English Bilingual Pre-School Children	Alisha Appose Maithily Rai Lavanya Krishnan Prathamesh D B
33	Lexical Semantic Organization: A Measure For Language Proficiency Through Free Association Paradigm.	Pynshai Borlang Maithily Rai Alisha Appose Prathamesh D B T Dattatreya
34	Effect Of Bilingualism On Metalinguistic Skills; A Comparison Based On Metasyntactic Awareness.	Anu A Fathimath Nafiya Anju Sara George Prathamesh D B Lydia Missac T Dattatreya
35	Semantic Analysis Through Intentions And Relations In Children With Intellectual Disability	Swathi Maria Francina B Shruti Ashok Prathamesh D B T Dattatreya
36	Proverb Recognition Among Adolescent: Are They Aware??	Rajashree G Bhat Maithily Rai Thejaswi D. T Dattatreya
37	Speech Dysfluencies In Kannada Speaking Children With Intellectual Disabilities	Maria Francina Swathi Prathamesh D B T Dattatreya
38	Occurrence Of Dysarthria And Dysphagia In Tumefactive Demyelination- A Single Case Study	Sadaf Fareed Mereen R B T Dattatreya
39	Articulation Assessment Using The Percentage Of Correct Consonants In Children Who Underwent Early And Late Cleft Palate Surgery.	Anjitha Mathew Chinnumol K B Sivapriya M S

		Lydia Mary Issac T Dattatreya
40	Effect Of Task On Rate Of Speech In Konkani Speaking Adults.	Winola Laron C T Dattatreya
41	Disfluencies InTypically Developing Malayalam-English Bilingual Pre- School Children	Sukriti Kunwar Biya Mathew Hitha P Venu Prathamesh D B, T Dattatreya
42	Harmonic Organization of Voice in Individuals with Septoplasty: A Pre-Post Operative Cepstral Analysis Study.	Rezwin M A Florida Pinky Thejaswi D, T Dattatreya
43	Swallow Ability Across DifferentTastes: Evidence From Timed Test of Swallow.	Sukriti Kunwar Biya Mathew Thejaswi D T Dattatreya
<b>2<sup>nd</sup> International conference on Audiological sciences – Kasturba Medical College, Mangalore 10/09/2015 to 12/09/2015</b>		
44	Short term Audiological outcome after Type I Tympanoplasty: Retrospective Study	Easwari G Sapna K.S. Usha Shastri
<b>8<sup>th</sup>KSB ISHACON 2015 at Wayanad, Kerala 12/09/2015</b>		
45	Disfluencies in English speaking young adults: a supplementary study in Indian setup.	Jomie John M Jisna Laxman Prathamesh D B
46	Do our hands communicate? Analyzing of hand gestures in Kannada speakers.	Deepika K Reha Philip Pathamesh D B
47	Impacts of Age and Gender on Parent Perception of Quality of Life in Kannada speaking Adolescence with Cerebral palsy.	Prajaktha Prabhu
48	Lexical semantic organisation: A determinant for language proficiency	Jomie John M Jisna Laxman Prathamesh D. B
49	Metalinguistic skills in monolinguals and bilinguals through metasyntactic awareness tasks and influence from bilingualism.	Sneha Beula Jomie John M Jisna Laxman Prathamesh D. B
50	Percentage of correct cosonants(PCC) as an articulatory evaluation method in children of early and late cleft palat surgery.	Chinnumol K.B. Sivapriya Nithina Alice Boban and Prathamesh D. B

51	Perceptual and acoustic assessment in Sulcus vocalis: variations in Pre and Post therapy analysis.	P.P. Theertha, Jeeshna K. Prathamesh D. B
52	Phonological process analysis in typically developing Kannada-English bilingual kindergarten children	Lavanya Krishnan Greeshma S S Athira V.Vinod Prathamesh D.B
53	Rare genesis of bolus regurgitation post total Laryngectomy with cricopharyngealmyotomy	Sivapriya M. S Thejaswi D. T Dattatreya
54	Semantic intention analysis in children with intellectual deficit	Deepika K. Rhea Philip and Prathamesh D. B
55	Steadiness in vowel phonation: an investigative study in persons with Parkinson's disease.	Sapna K. S. Easwari G Nithina Alice B Prathamesh D.B Santosh K.
56	Swallowing outcome measures in 3 female siblings having Huntingtons disease with chorea.	Chinju Micheal Thejaswi D. T Dattatreya
<b>CIGICON 2015 -13<sup>th</sup>Annual Conference of Cochlear Implant Group of India - SMS Medical College, Jaipur 26/09/2015 to 27/09/2015</b>		
57	Analyzing Leptral Characteristics of Voice in a Cochlear Implanted Child.	Thejaswi D.
58	Levels of Stress & depression Pre and Post Cochlear Implant: A Comparative Study.	Dessai Teja D
59	An insight into the expectations of mothers of children using cochlear Implant.	Dessai Teja D
60	Inclusion of students with Cochlear Implant in the process of education: view of school teachers.	Winola Larona Cutinho
<b>48<sup>th</sup>Annual Conference of the Indian Speech and Hearing Association - Mumbai 04/02/2016 to 07/02/2016</b>		
61	Cepstral analysis of vowels in children with cleft palate: observations from pre-post surgery	Deepika K. Thejaswi D
62	Effect of attention resource allocation on swallowing in healthy young adults	Vas Larisa Thejaswi D
63	Effect of hot and cold temperature on 100 ml water swallow test	Sneha Beula Thejaswi D.
64	Assessing impact of Ramadan fasting on pulmonary function	Rhea Philip Thejaswi D
65	Investigations of risk factors for hearing loss and its outcome in universal newborn hearing screening program	P.P. Theertha Prathamesh D B
66	Phonological process analysis in typically developing Malayalam-English	Athira V.V.

	bilingual kindergartner children	Prathamesh D.
67	Comprehension performance on verb forms in young children with hearing impairment	Deepika K. Prathamesh D. B
68	Semantic examinations in children with intellectual disability: foundations from intentions and relations	Deepika K. Prathamesh D B
69	Hand gestures in native speakers of Kannada evidence through picture description task	Rhea Philip Prathamesh D. B
70	Effect of socioeconomic status on parental perception of quality of life in Kannada speaking adolescents with cerebral palsy	Prajaktha A. P
<b>2<sup>nd</sup>SAARC International Conference (Laryngology Summit 2016) – Ahmedabad, Gujarat</b> <b>30/09/2016 to 02/10/2016</b>		
71	Swallow outcome in Lateral Medullary Syndrome: A case study	Thejaswi D Neeraja Sunil Jigme Dorji
<b>49<sup>th</sup>Annual Conference of the Indian Speech and Hearing Association - Kolkatta</b> <b>06/01/2017 to 08/01/2017</b>		
72	Relationship Between Working Memory And Identification Of Phonetic Contrasts In Native Listeners	Keerthanaraj K P Mable Mathew Usha Shastri.
73	Effects Of Smoking On Outer Hair Cell Function In Young Adults: Evidences From Fine Structure Dpoe	Nahan Ashraf Mariyamath NaheemaMable M Prajakta Prabhu
74	Speech And Language Profile In Autoimmune Encephalitis Dementia: A Rare Case Study	Adheena Haridas Jilu Ann Philip, Maya varma R. Thejaswi D
75	Swallow Outcome And Audiological Profile In Lateral Medullary Syndrome	Jigme Dorji Neeraja Sunil, Gopika K. K. Thejaswi D.
76	Exploring The Effect Of Straw On Sequential Swallow Of Thin Liquids In Healthy Geriatrics	Nidhi Karkera Neeraja Sunil Thejaswi D.
77	Influence of Attention Load While Swallowing: Does It Inhibit Or Enhance The Performance?	Nikita Elsa Philip Kalpana Mutum Thejaswi D.
78	Comparison of Sequential Swallow Between Carbonated And Non-Carbonated Thin Liquids In Healthy Young Adults	Merin Shaju Alisha Sara Thomas Thejaswi D.
79	Effect Of Fasting On Cognitive Functioning In Healthy YoungAdults	Ayisha Shamooda V. Fathimath Shaniba Shruniga M.S.
80	Relationship Between Working Memory And Identification Of Phonetic	Keerthanaraj K P

	Contrasts In Native Listeners	Mable Mathew, Usha Shastri.
<b>3<sup>rd</sup>International Conference on Audiological Sciences held in Kasturba Medical College Mangaluru 21/09/2017-23/09/2017</b>		
81	Evaluating the Optimum Intensity to Administer Audiometric Weber Test	Neeraja Sunil Usha Shastri
82	Functional Hearing Loss- a Case Profile	Hima P. Venu Archana Rai S.
83	Extended high frequency Audiometric Finding in Benign Paroxymol Positional Vertigo	Shwetha
<b>50<sup>th</sup>Annual Conference of the Indian Speech and Hearing Association - Kolkata 05/01/2018 to 07/01/2018</b>		
84	Relationship between extended high frequency audiometry and fine structure OAE	Hima P. Venu Sreelakshmi Archana Rai S.,
85	Music listening in high school, pre-university and under-graduates – A preliminary study	Sharel Lopes Spoorthi G. N Usha Shastri
86	Awareness of the profession of audiology and speech language pathology among SSLC and 2 <sup>nd</sup> puc students	Spoorthi G. N. Sharel Lopes, Winola L. Cutinho
87	Effect of menstrual cycle on contralateral suppression of transient evoked Oto-acoustic emission (TEOAs) in females	Drepath V. S. Anumol K. Deepak N. Raj
88	How much is too much ? Effect of volume on water swallow test	Mousira P. Soniya Thomas Thejaswi D
89	Introduce d swallow -attention interference on swallow and cognition performance in healthy young and middle aged adult	Lekshana Umesh Shahana Thejaswi D
90	Communication profile of Gerstmann syndrome a case study	Jinimol Thomas Mousira P. Megha Sara Thomas Maya Varma R.
<b>Ni-VAT, Nitte Voice Assessment &amp;Therapeutics at KSHEMA, Deralakatte, Mangalore. 22/02/2018 to 24/02/2018</b>		
91	Prevalence of Voice Disorders in a Semi -Urban Tertiary Care Hospital of Mangalore	Nikita Elsa Philip Kalpana Mutum Thejaswi D.
92	Vocal Fatigue amongst students and Professionals in the Field of Speech Language Pathology	Theres Maria Jacob Ashna Maria Joseph Bennet E Joseph
93	Co-relation between Vocal Fatigue Index and Voice Handicap Index – 10 in Primary School Teachers	Adheena Haridas Jinumol Thejaswi D.
94	Vocal Habits of Gym Instructors : A Preliminary Study	Robin Joseph

		Maya Varma R
95	Awareness about Vocal Fatigue and Vocal Hygiene Among Government and Private School Teachers	Jilu Ann Philip ShanimolSebastian Shwetha
96	Effect of Narrow Band Noise on Vocal Intensity	Merin Shaju Alisha Sara T Archana Rai S.
97	Social Representation of Vocal Hygiene Among Indian Population : A Cross-Sectional Survey	Akhila Rahul Jim S Winston,
98	Self Perception of Vocal Fatigue Amongst Clergy"	Bennet Elsa J
<b>Recent trends in Assessment &amp; Management of Individuals with Stuttering at Kasturba Medical College, 29/08/2018 to 31/08/2018</b>		
99	Conflict between Social Anxiety Disorder & Personality Disorder in the variation of Dysfluencies: A case study	Maya Varma R
<b>51<sup>st</sup> Annual Conference of the Indian Speech and Hearing Association - Bangalore 08/02/2019 to 10/02/2019</b>		
100	Facial Emotion Recognition : can Children with Communication Disorders catch it ?	Hiba Mohammed, Vaishnavi U. Calida Frieda P
101	Raising a Child with a Disability: Coping Strategies of Parents of Children with Communication Disorders	Nafisa Amrah . Vaishnavi U. K Calida Frieda P
102	Does early Versus Late Intervention Affect Hearing in Individuals with Cleft of Lip and Palate	Yakshitha B. M. Raksha A. Poojary Archana Rai S T Dattatreya
103	Is Public Aware of New Born Hearing Screening ? A Survey	Reethu Mariam Vibha Vinod Archana Rai S.
104	Vocal Fatigue Inventory Measures in Subjects Exposed to Laboratory Chemicals	Lidiya Mathew Alina AThomas Anjana Hoode
105	Do we Practice what we Preach ? Vocal Hygiene Practices among Speech Language Pathologists	Lidiya Mathew Rahana Shiju Akhila Rahul
106	Professionals perception of Communication Disorders.	Jincy Koshy Aradra Haridas Akhila Rahul
107	Social Representation of vocal hygiene in India &Bhutan; a cross-sectional survey	Akhila Rahul
108	Social Representation of vocal hygiene in India &Bhutan; a cross-sectional survey	Srikanth Nayak
<b>Annual Conference of ISHA Bangalore Chapter, NIMHANS Bangalore 21/09/2019-22/09/2019</b>		
109	Acquired dyslexia in individuals with bilingual aphasia: Implication of DRC Model	Rashmi J.

110	Letter by Letter reading a central form of acquired dyslexia too but not pure alexia	Rashmi J.
<b>ICAS , Kasturba Medical College, Mangalore 22/08/2019 to 24/08/2019</b>		
111	Intratympanic Steroid Injection for Idiopathic sudden Sensorineural Hearing Loss: A Case Study."	Nima Dorji Ram Kumar G Archana Rai S.
<b>52<sup>nd</sup> Annual Conference of the Indian Speech and Hearing Association - Chandigarh 14/02/2020 to 16/02/2020</b>		
112	Water Swallowing in Individuals with Repaired cleft of Palate : are they at par with their healthy peers?	Sandra Jaswika F Govekar Anisha V Thejaswi D.
113	Qualitative & Quantitative Measures of pill Swallowing in other wiser healthy Individuals	Nimmi John M Fida Sayyed Thejaswi D
114	Effect of Endotracheal intubation on Cepstral Indices : A cross Sectional study	Nikita Shetty Fathimath Hasna Thejaswi D.
115	Awareness of Noise Induced hearing Loss amongst Professional Gym Instructors	Nafeesathul Afeefa Osheen Mumtaz V Archana Rai S.
116	A survey on Awareness of Universal Newborn Hearing Screening in Nurses	Archana Rai S.
117	Role of Word Imageability on reading in Kannada – English Bilinguals with Aphasia	Rashmi J.
118	Vocal Fatigue in Beat Boxers : A Preliminary Study	Andria Johnson, Arpitha M Aji Thejaswi D.
119	Analyzing the type of acquired dyslexia in fluent and non fluent Kannada-English bilinguals with aphasia	Rashmi J.
